

Sustainable growth at the chemical park GENDORF

LOGISTICS

"Turntable" container logistics

You are looking for a "Turntable" container logistics solution in the ChemDelta Bavaria. We give you an entirely unique combination of container-related services.

In conjunction with our rail and container workshop and our tanker truck and tanker railcar cleaning line, you have access to a complete service package for your tanker containers or tanker railcars.

Our services:

- Rail/road intermodal transfers of full and empty box and tanker containers (20 to 40 feet) up to a gross weight of 42 tons.
- Storage area for a total of 124,000 units, including a warehouse permit for WGK classes 1 - 3 iaw. with BImSchG (Bundesimmissionsschutzgesetz [Federal Pollution Control Act])
- Heating service (steam heat, electric heat)
- Trucking and shuttle service
- Loading and unloading service at the chemical park GENDORF with in-house and third-party equipment
- Clean tanker containers with the company owned and operated cleaning line for tanker trucks and tanker railcars
- Conduct maintenance, inspection, and repair work on frames, tanks, product contacting components, and all other equipment components
- Repair on interior linings
- Technical safety inspections, including TÜV acceptance tests
