

Sustainable growth at the chemical park GENDORF

SAFETY, HEALTH, AND ENVIRONMENTAL PROTECTION

Site security

Our trained subject-matter experts ensure the safety and security at the chemical park GENDORF.

We take care of the classic monitoring of the chemical park grounds, building security, and entrance/exit controls. Our experts also take care of smooth visitor processing, including conducting the safety briefing for e.g. external contractors. Our services also include e.g. reviewing your security concepts with security analyses. Information gained from these is used to uncover weaknesses and risks related to building security.

Our services:

- Building security and monitoring
- Pedestrian access/vehicle entrance monitoring
- Investigative services
- Exit controls
- HazMat controls
- Traffic services and traffic monitoring
- Key administration and key issuing
- Perform the function of the HazMat representative
- Security analyses
- Prepare security concepts
