

ENVIRONMENTAL MANAGEMENT

Representative organization

Are you required to appoint a statutory or site representative? Do you find it too expensive to prepare your own employees for these functions on a "part-time" basis? Take advantage of our extensive experience related to subject-matter specific representative services.

The tasks of our representatives include legal compliance with all consulting, control, and cooperation obligations of a representative, reporting to management, generating an annual report, and tracking changes to the law. The activities of a representative are segregated from his or her operational job functions and can therefore also be performed by our specialists in the various legal areas.

Our services:

- Representative functions for the following assignments:
 - Waste
 - HazMat
 - Water protection
 - Emission control
 - Noise
 - Radiation protection
 - Emergency incidents
 - Environmental protection and environmental management systems
